Universal Products

Laptop and Tablet Docking Stations/Cradles

Havis' docking stations are available for Panasonic, Dell, General Dynamics-Itronix and more. The Universal Laptop and Tablet Mount allows you to mount any brand of laptop computer or tablet without sacrificing crash test standards and durability.

Mobile Office Accessories

For in-vehicle mobile equipment, Havis offers innovative accessories such as the Rugged Hub II - a USB/Ethernet Communications Hub. This groundbreaking product makes adding peripherals to your mobile workspace safe, and easy. Other mounting accessories such as printer mounts and card reader brackets allow you to effectively run customer information & print receipts directly from your vehicle.

Power Management Solutions

Auto Shut-Off Timer: ChargeGuard® auto shut-off timers safeguard expensive communications devices and computers with intelligent circuitry protection, ultimately ensuring you will never have a dead battery again.

Idle Management: IdleRight2® is the next generation of Havis Idle Reduction systems, saving you fuel and maintenance costs by reducing idle time while performing mission-critical tasks in your mobile workspace.

Havis can support many vehicles with our quality products that are designed specifically for that vehicle type. Combine those with the hundreds of universally mounted products Havis manufactures, and you have the largest product portfolio available. You can create your mobile office the way *you* want and the way *you* need it.

All of Havis' products are designed to seamlessly work with each other to complete your solution. Contact a Havis representative to assist in configuring our products into a "build your own solution" that meets all of your needs.
